

## UGI Congress 2021, Belfast (13 - 15 October)

### UGI Congress Poster Presentations 13 - 15 October

Posters will be presented electronically only. There will be no poster boards for this congress

[Click here for further details](#)

Submission Id	Programme No	Category	Title	Presenting
94	P-B01	Bariatrics	First Inventory of Access and Quality of Metabolic Surgery across Europe	Piriyah Sinclair
110	P-B02	Bariatrics	Does the length of alimentary limb make a significant difference in the weight loss in Roux en y gastric bypass patients?	Mayank Bhandari
119	P-B03	Bariatrics	Gastric Band Tubing Causing Small Bowel Obstruction	Kashif Halim
220	P-B04	Bariatrics	Restarting bariatric surgery after the Covid-19 pandemic: a template for safe practice	Martin Michel
10	P-BN02	Benign UGI	Experience in Transitioning From Laparoscopic to Robotic-Assisted ParaEsophageal Hernia Repair - A Single Centre Experience	Mohammed Al Azzawi
21	P-BN03	Benign UGI	A systematic review of pre-operative low-calorie diets for laparoscopic cholecystectomy	Tiffany Cheung
31	P-BN04	Benign UGI	Evaluation of Outcomes of Anti-reflux Surgery in a District General Hospital	JIE LIM
39	P-BN05	Benign UGI	Solitary jejunal diverticulum ; a rare unexpected cause of chronic pneumoperitoneum	Mina Fouad
54	P-BN06	Benign UGI	Percutaneous cholecystostomy rates are increased following COVID-19 induced disruption to elective surgical pathways	Bashar Abdeen, Paul Vulliamy
56	P-BN07	Benign UGI	Identifying gallstones in acute pancreatitis. Are we undermanaging our patients?	Katy Emslie
58	P-BN09	Benign UGI	Management of isolated splenic vein thrombosis: Risks and benefits of Anticoagulation	Amar M Eltweri
61	P-BN10	Benign UGI	Seasonal Variation of Presentation of Perforated Peptic Ulcer Disease: An Overview of Patient Demographics, Management and Outcomes in Northern Ireland	Ayeisha Asim
80	P-BN11	Benign UGI	Patient Reported Outcomes of Phasix™ ST Mesh for Laparoscopic Hiatal Hernia Repair	Sri Vishnu Thulasiraman
101	P-BN12	Benign UGI	IMPACT OF COVID-19 ON UGI (UPPER GASTROINTESTINAL) TRACT STENTING AND DILATATION SERVICES- PRIORITISE, KEEP SCOPING AND TRAINING	chia chun yau
105	P-BN13	Benign UGI	How has the COVID pandemic affected outcomes in Elective Laparoscopic Cholecystectomy?An observational study in a UK Upper GI Surgical Unit	George Demetriou
126	P-BN14	Benign UGI	Differences in rate of complications between emergency and elective laparoscopic cholecystectomy at district general hospital.	Anas Belhasan, Rebecca Wookey
141	P-BN15	Benign UGI	Outcomes following surgical repair of giant para-oesophageal hernia of over 200 cases with long-term follow up: a 20-year experience	Priyantha Siriwardana
142	P-BN16	Benign UGI	Gallbladder agenesis in a gentleman presenting with biliary sepsis: a case report and review of literature	Rory Hammond
151	P-BN17	Benign UGI	Laparoscopic subtotal cholecystectomy is a safe and effective treatment for gallstone disease	Emily Leivers
166	P-BN18	Benign UGI	Cholecystectomy following ERCP: A retrospective audit from a single centre	Joshua Brown
173	P-BN20	Benign UGI	An evaluation of the accuracy of sonography for the measurements of gallbladder polyps across 3 UK hospital trusts: should the surveillance guidelines be revised?	Harry Claxton
186	P-BN21	Benign UGI	Diagnostic accuracy of transabdominal ultrasound for assessing gallbladder polyps	John Young
187	P-BN22	Benign UGI	The use of virtual clinics in gallbladder polyp surveillance	John Young
197	P-BN23	Benign UGI	Cholecystectomy in Octogenarians – Is there a benevolent bias?	Jen Yee Kuan, Madhu Chaudhury
203	P-BN24	Benign UGI	Quality assessment of online patient information on upper gastrointestinal endoscopy using the Modified Ensuring Quality Information for Patients (EQIP) tool	Gillian Miller
206	P-BN25	Benign UGI	Redo-Antireflux surgery long term quality of life retrospective study	Hesham Mohamed
213	P-BN26	Benign UGI	The effect of cholecystectomy on unplanned admissions following endoscopic sphincterotomy and bile duct stone removal	Kate Toogood
215	P-BN27	Benign UGI	Novel technique for safe and efficient cannulation of the cystic and common bile duct	Khurram Khan
216	P-BN28	Benign UGI	The Consistency of Operative Safety Markers and the Critical View of Safety During Laparoscopic Cholecystectomy: A Pilot Study.	Mahmoud Sallam
222	P-BN29	Benign UGI	Laparoscopic cholecystectomy during the era of a Covid-19 pandemic; a cohort study	Nadar Ghassemi
225	P-BN30	Benign UGI	Retroperitoneal biloma: a case report of spontaneous retroperitoneal bile leak and collection	Robert Bickerton
226	P-BN31	Benign UGI	Surveillance for Gallbladder polyps at a NHS District General Hospital – a retrospective analysis	Sharib Ziya Khan
229	P-BN33	Benign UGI	Should a three-port technique be the gold standard for laparoscopic cholecystectomy?	Lawrence Nip
230	P-BN34	Benign UGI	A single centre study of outcomes for Hiatal Surgery during the Covid-19 pandemic	Ahmad Faraz, Gary Dobson
238	P-BN36	Benign UGI	Trends in Management of Gall Bladder Polyps Over 10 Years	Tom Richardson, Vithurshanan Karunanithy
239	P-BN37	Benign UGI	Audit of the Management of Gall Bladder (GB) Polyps according to European Joint Guidelines (EJG), 2017.	Vithurshanan Karunanithy, Tom Richardson
240	P-BN38	Benign UGI	Patient Outcomes Following Laparoscopic Cholecystectomy after a Diagnosis of Gall Bladder (GB) Polyp over 10 Years	Tom Richardson, Vithurshanan Karunanithy
244	P-BN39	Benign UGI	The perils of MRCP requesting and early associations of data quality and likelihood of a diagnostic result.	Callum Jones
251	P-BN40	Benign UGI	Fundoplication following lung transplant: A retrospective cohort analysis	James Bundred
261	P-BN41	Benign UGI	Does performing percutaneous cholecystostomy in patients at risk of sepsis have better outcomes than patients in sepsis?	Ilayaraja Rajendran
263	P-BN42	Benign UGI	Percutaneous cholecystostomy - A practice review.	Ilayaraja Rajendran
265	P-BN43	Benign UGI	Giant Hiatus Hernia Repair Significantly Improves Quality of Life	Mohammed Elniel
277	P-BN44	Benign UGI	The impact of the COVID-19 pandemic on waiting lists for laparoscopic cholecystectomy and its effect on patient care and outcomes.	Geraint Herbert
291	P-BN45	Benign UGI	The Impact of Covid-19 on Benign Upper GI Operations in England During 2020.	Laura Sandland-Taylor
299	P-BN46	Benign UGI	Risk Factors for Anastomotic Stricture after Hepaticojejunostomy for Bile Duct Injury – A Systematic Review and Meta-Analysis	James Halle-Smith
303	P-BN47	Benign UGI	Acute cholecystectomy in elderly - Age is not a limit.	Aayush Gupta, Muhammad Umair Rashid, Namal Ru
311	P-BN48	Benign UGI	Utilising spatial geometry to obtain the ideal needle mount for laparoscopic intracorporeal suturing.	Rahul Kanitkar, Samer Zino
315	P-BN49	Benign UGI	The predictive role of white cell and platelet count for infective complications following splenectomy	Ozhin Karadakh
333	P-BN50	Benign UGI	Transcystic CBD Exploration: The First-Line Treatment of CBD Stone - A Single Centre 12-month Review of Practice	Catherine Rossborough

Submission Id	Programme No	Category	Title	Presenting
335	P-BN51	Benign UGI	Subtotal cholecystectomy: risk factors and patient outcomes	James Lucocq
337	P-BN52	Benign UGI	PATIENT-REPORTED OUTCOME MEASURES FOLLOWING FUNDOPLICATION – LIND AND NISSENS - SINGLE CENTRE, SINGLE SURGEON RESULTS	Anitha Muthusami
339	P-BN53	Benign UGI	The 'Difficult Gallbladder': do no harm!	Amber Shivarajan
350	P-BN54	Benign UGI	The outcomes after a Laparoscopic subtotal cholecystectomy	Dorothy wintrip
351	P-BN55	Benign UGI	Results of the ARROW survey of anti-reflux practice in the UK	The ARROW collaboration
352	P-BN56	Benign UGI	Anti-Reflux Surgery in the end-stage of the pandemic: Early results of the ARROW audit.	The ARROW collaboration
355	P-BN57	Benign UGI	The impact of COVID-19 pandemic on management of patients with acute uncomplicated gallstone pancreatitis	Aleksandra Stanisewska
358	P-BN59	Benign UGI	Danger is there, do we want to know about it? Routine intra operative cholangiography highlights dangerous biliary anatomy for safer cholecystectomy	Noor Ul ain
362	P-BN60	Benign UGI	Predicting post-operative length of stay following laparoscopic cholecystectomy: derivation and validation of a pre-operative risk score	James Lucocq
363	P-BN61	Benign UGI	Optimal timing of laparoscopic cholecystectomy for admitted acute cholecystitis patients	James Lucocq
368	P-BN62	Benign UGI	Predictive factors for subtotal cholecystectomy in delayed elective cholecystectomy after acute biliary presentation	Husam Ebied
371	P-BN63	Benign UGI	Requirement of preoperative group and save testing prior to cholecystectomy: A systematic review	Michael Fadel
26	P-EGS01	Emergency UGI	Cholecystectomy after gall stone pancreatitis	Ahmed Ammar, Ahmed Elsayed
29	P-EGS02	Emergency UGI	Impact of delayed elective laparoscopic cholecystectomy on incidence and complications from gallstone ileus	Zhi Yu Loh, Hidayatul Abdul Malek
34	P-EGS03	Emergency UGI	Curious Case of Life Threatening Gastrointestinal Bleed	VIBHA SINGH
38	P-EGS04	Emergency UGI	Assessment of Malnutrition in emergency laparotomy patients. A QIP highlighting simple measures can improve early recognition and optimisation of high-risk patients.	Charef Raslan
40	P-EGS05	Emergency UGI	Assessment of acute cholecystitis management during COVID-19 pandemic in comparison to the CholeQuic approach : A single centre experience.	Mina Fouad
49	P-EGS06	Emergency UGI	Evaluating the impact of COVID-19 on the trend of emergency laparoscopic cholecystectomy	Simrita Agrawal
117	P-EGS07	Emergency UGI	Two years of Acute Biliary Admissions at a tertiary care centre over the Covid-19 pandemic: a closed loop audit with implementation of an acute referral system	Husam Ebied
133	P-EGS08	Emergency UGI	What is the Best Risk Prediction Model for Oesophageal Perforation?	Zak Shehata
163	P-EGS09	Emergency UGI	The Introduction of an Ambulatory Surgical Pathway	Katie Boag
172	P-EGS10	Emergency UGI	Clinicopathology of Critically Ill Patient With Coffee Ground Vomitus Undergo Oesophagogastroduodenoscopy	Muhammad Hafizuddin Salleh
192	P-EGS11	Emergency UGI	The Theatre Training Checklist: A Toolkit to Revive Post Pandemic Operative Training	Joanna Aldoori
194	P-EGS12	Emergency UGI	An observational study investigating the differences the COVID-19 Pandemic had on admissions, methods of injury in a tertiary trauma centre in a major UK City	Brian Mwangi
198	P-EGS13	Emergency UGI	Risk Factors of Bleeding Gastroduodenal Ulcer Among Patient Undergo Emergency Upper Endoscopy in Hospital Melaka	Abdul Rahim Samad
236	P-EGS14	Emergency UGI	From Gallstone Disease to Cholecystectomy: An audit looking at the waiting times for cholecystectomy in a small District General Hospital	Virginia Ledda
237	P-EGS15	Emergency UGI	Gastric pneumatosis in an elderly patient with recurrence of gastric volvulus	Virginia Ledda
247	P-EGS16	Emergency UGI	Lemmel Syndrome due to Duodenal Diverticulitis, an Infrequent Cause of Biliary Obstruction.	Joseph Natale
250	P-EGS17	Emergency UGI	Evaluation of Different Surgical Risk Prediction Models in Predicting Morbidity and Mortality in Emergency Giant Hiatus and Diaphragmatic Hernia Repairs	Eleanor Moore
254	P-EGS18	Emergency UGI	The outcomes of upper gastrointestinal bleeds with unsuccessful endoscopy in a district hospital with no interventional radiology	Dorothy wintrip
256	P-EGS19	Emergency UGI	Complete oesophageal transection during thyroidectomy; Successful management of anastomotic leak using endoluminal vacuum therapy (EVT) following failed primary repair	Zeesan Afzal
271	P-EGS20	Emergency UGI	Safe emergency laparoscopic cholecystectomy in the first 12 months of the Covid-19 pandemic	Martin Michel
279	P-EGS21	Emergency UGI	The impact of COVID-19 on operative difficulty and outcomes of laparoscopic cholecystectomy	Alisha Pati-Alam
308	P-EGS22	Emergency UGI	Emergency cholecystectomy: A comparative study of patient outcomes during COVID-19 pandemic with pre-COVID-19 period	Jen Kuan
318	P-EGS23	Emergency UGI	Efficacy of Percutaneous Cholecystostomy and Timing of Tube Removal: An Observational Study from a busy District General Hospital	Agata Majkowska
322	P-EGS24	Emergency UGI	Surgical case series of incarcerated diaphragmatic hernias following oesophagectomy for oesophageal cancer. Single centre experience.	Charef Raslan
324	P-EGS25	Emergency UGI	Boerhaave's Syndrome Secondary to Symptomatic COVID-19 Infection	Ahmed Saad
326	P-EGS26	Emergency UGI	Outcomes of Surgical Treatment for Perforated Peptic Ulcer in a non-Upper Gastrointestinal Surgery Centre	Azhar Firdaus
329	P-EGS27	Emergency UGI	Outcomes of disorders of the gallbladder, biliary tract, and pancreas during COVID pandemic	Freddie Dowker
330	P-EGS28	Emergency UGI	Management of obstructive jaundice secondary to gall stones in an ambulatory setting	Katie Boag
336	P-EGS29	Emergency UGI	Is an ambulatory emergency general surgery management pathway of biliary disease more cost effective than a traditional approach? A matched case series study.	Harriet Standing
338	P-EGS30	Emergency UGI	Audit of the management of patients presenting with gallstone pancreatitis during the COVID-19 pandemic	Katie Hutchinson
190	P-EUS01	EUS	Pancreatic metastases from Renal Cell Cancer; endosonographic features and outcomes of a rare clinical entity	Wafaa Ahmed
211	P-EUS02	EUS	The value of Endoscopic Ultrasound (EUS) in the investigative pathway of Acute Idiopathic Pancreatitis (AIP).	Sumbal Bhatti, Laith Evans
231	P-EUS03	EUS	Risk prediction in patients undergoing Endoscopic Necrosectomy for infected pancreatic necrosis	Emily Britton
4	P-L01	Liver	Newly detected liver nodules with a history of colorectal cancer: are they metastasis?	Kai Zhu
5	P-L02	Liver	Machine learning to evaluate liver reserve function based on venous blood biochemistry	Zhengfeng Wang, zhi long shi, jnxing zheng, shaozhe
8	P-L03	Liver	The efficacy and safety of controlled low central venous pressure for liver resection: a systematic review and meta-analysis	Zhong Chen
25	P-L04	Liver	Temporal changes in prevalence and associated risk factors for gallbladder dysplasia and adenocarcinoma in patients undergoing cholecystectomy. A UK hospital-based observational study	Wing Chou
111	P-L05	Liver	Enterohaptic migration of ingested fishbone resulting in hepatic abscess- Case report and review of literature	Niamh Grayson
112	P-L06	Liver	Establishing minimum datasets and disease specific forms for cancer patients in multidisciplinary team meetings.	Simrita Agrawal
120	P-L07	Liver	Nematode infection mimicking Liver metastasis from previous Melanoma	Luke Bennett
129	P-L08	Liver	Novel surgical technique for the management of biliary-enteric anastomotic strictures	Obada Abu Jarad
145	P-L09	Liver	Pyogenic Liver Abscess: a Retrospective Study of Patients Presenting to a UK Tertiary Liver Centre.	Emily Sams
168	P-L10	Liver	Individualized Enhanced recovery after surgery improves postoperative outcomes in hepatocellular carcinoma patients	Yu Zhang
181	P-L11	Liver	Comparison of clinical efficacy between LAPs and ALPPs in the Treatment of Hepatitis B Virus-related Hepatocellular Carcinoma	Zebin Chen, Wenxuan Xie, Mimi Tang, Junbin Liao, S
189	P-L12	Liver	Exploring Pathological Signatures for Predicting Recurrence of Early-stage Hepatocellular Carcinoma Based on Deep Learning	weifeng qu
191	P-L13	Liver	Proposed sampling methodology for improved accuracy of hepatic burden assessment in neuroendocrine tumours.	Thomas Thorne
269	P-L14	Liver	Ex-vivo normothermic perfusion of an abattoir-derived porcine hepatic segment as a model for scientific research	Trisha Kanani
272	P-L15	Liver	Fluorescence guided laparoscopic resection of Colorectal Liver Metastases: Same day administration of indocyanine green with use of SPY- Colour Segmented Fluorescence imaging to identify tumour	Anastasia Benjafeld
340	P-L16	Liver	The Impact of Covid-19 on the Management of Primary and Metastatic Liver Cancers; A Single Centre Experience	Adam Tweedie

Submission Id	Programme No	Category	Title	Presenting
360	P-L17	Liver	Post-liver transplant inferior vena cava stenosis in a large volume UK centre	Harry VM Spiers
22	P-001	Other	A patient education video to support the management of post-gastrectomy / oesophagectomy syndromes	Geoffrey Roberts
41	P-002	Other	Management Experiences of Post-gastrectomy Severe Alkaline Reflux Oesophagitis.	Eimear Phoenix
86	P-003	Other	The Management of Gallbladder Polyps at a Single Trust: Are we compliant with European Guidelines?	Elias Jamieson
91	P-004	Other	The effect of a pre- and post- operative exercise programme versus standard care on physical fitness of patients with oesophageal and gastric cancer undergoing neoadjuvant treatment prior to surgery	Lisa Loughney
95	P-005	Other	Deconstructing Operations to Improve Recording of Surgical Training Experience	Ffion Dewi
174	P-006	Other	A scoring system to support surgical decision-making for cardiac submucosal tumors	Zi-Han Geng, Yan Zhu, Wei-Feng Chen, Quan-Lin Li, F
175	P-007	Other	Endoscopic submucosal dissection for giant oesophageal lipomatous tumors	Zi-Han Geng, Xiao-Yue Xu, Yan Yan Zhu, Wei Su, Qua
201	P-008	Other	Effect of socioeconomic deprivation on clinical characteristics and outcomes of patients undergoing an emergency appendectomy	Gillian Miller
218	P-009	Other	Development of a non face-to-face pre-operative assessment pathway for laparoscopic cholecystectomy	Martin Michel
245	P-010	Other	Mortality and Morbidity Reporting Quality	Kazim Abbas
258	P-011	Other	Surgical Ambulatory Care: Reducing surgical admissions whilst maintaining patient satisfaction. Experiences over a four year period	Alicja Psca
274	P-012	Other	Atraumatic Splenic Rupture Secondary to Concurrent Cytomegalovirus and Epstein Barr Virus Infection	Catherine McCollum
283	P-013	Other	Spontaneous Splenic Rupture as first presentation of Chronic Myeloid Leukaemia	Catherine McCollum
287	P-014	Other	The predictive role of pre-operative liver function tests in outcomes following emergency appendicectomy	Khurram Khan
313	P-015	Other	"Knife to Skin" time: The invariable variable	Martin Michel
327	P-016	Other	A framework for reporting modifications in robotic surgery: a systematic review and case study in robotic cholecystectomy.	Sina Hossaini
345	P-017	Other	The Royal Stoke Green Pathway: a method to undertake safe UGI surgery during the COVID pandemic	Nader Ghassemi
366	P-018	Other	Pancreatic Enzyme Replacement Therapy in Upper GI Surgery- A Retrospective Audit.	Naomi Chalmers
17	P-OGC01	Malignant OG	Prevalence and treatment of nutritional deficiencies following Upper Gastrointestinal Surgery for Oesophageal or Gastric Cancer	Vida Dossou
19	P-OGC02	Malignant OG	The development of an evidence based algorithm for the provision of nutrition as part of an Enhanced Recover After Surgery (ERAS) pathway in patients undergoing elective Gastrectomy and Oesophagectomy	Vida Dossou
24	P-OGC03	Malignant OG	Pancreatic enzyme supplementation improves quality of life in patients following surgery for upper GI cancer	Robert Kay
28	P-OGC04	Malignant OG	Evaluation of post-operative surveillance strategies for oesophago-gastric cancers in the United Kingdom	Swathikan Chidambaram
32	P-OGC05	Malignant OG	The introduction of an Upper Gastrointestinal (UGI) specific menu can reduce the need for routine jejunostomy (JE) placement following UGI Cancer resection.	Vida Dossou
42	P-OGC06	Malignant OG	The effect of surgical complications on long-term prognosis following oesophagectomy for oesophageal cancer	Anna Broadbent
51	P-OGC07	Malignant OG	The Role of Carbohydrate Loading on Lactate and Glucose Levels in Upper GI Cancer Surgery	Charlotte Turnbull
60	P-OGC08	Malignant OG	Translational Insights from the Dual ErbB Inhibition in Oesophago-gastric Cancer (DEBIOC) Clinical Trial - A Bioinformatic Analysis	Enya Scanlon
62	P-OGC09	Malignant OG	Evaluating the Availability of Services for Cancer Patients Following Surgical Resection of Esophago-Gastric Tumours	Ragad Al-Housni
63	P-OGC10	Malignant OG	Long-term survival is not affected by complications after oesophagectomy.	Edward J Nevins
64	P-OGC11	Malignant OG	Vitamin B12 supplementation post gastrectomy. A service audit in St. James's hospital, Dublin.	Hugo Temperley
65	P-OGC12	Malignant OG	Nasogastric tube drainage and pyloric intervention after oesophageal resection: UK practice variation and effect on outcomes	Alexander Bull
66	P-OGC13	Malignant OG	Chest drainage after oesophageal resection: A systematic review	Alexander Bull
67	P-OGC14	Malignant OG	Global Level of Harm Upper Gastrointestinal (GLEOHUG) – a multinational gastric cancer cross-sectional appraisal	John Herrera-Kok
70	P-OGC15	Malignant OG	Impact of postoperative systemic treatment on survival for oesophageal adenocarcinoma after preoperative chemotherapy and oesophagectomy	Saqib Rahman
74	P-OGC16	Malignant OG	Minimally Invasive Oesophagectomy: Technique and learning curve over 10 years	Peter May-Miller
76	P-OGC17	Malignant OG	FEASIBILITY AND IMPACT OF A HOME-BASED PREHABILITATION PROGRAMME ON PATIENTS RECEIVING NEOADJUVANT TREATMENT FOR OESOPHAGOGASTRIC CANCER (THE CHEMOPIT STUDY)	Jakub Chmelo
77	P-OGC18	Malignant OG	DOES CARDIOPULMONARY TESTING HELP PREDICT LONG-TERM SURVIVAL AFTER OESOPHAGECTOMY?	Jakub Chmelo
78	P-OGC19	Malignant OG	THE PREDICTIVE ROLE OF CARDIOPULMONARY EXERCISE TESTING IN GASTRIC CANCER SURGERY	Jakub Chmelo
79	P-OGC20	Malignant OG	CAN PREHABILITATION PREVENT DEVELOPMENT OF SARCOPENIA DURING NEOADJUVANT CHEMOTHERAPY FOR OESOPHAGOGASTRIC ADENOCARCINOMA?	Jakub Chmelo
84	P-OGC21	Malignant OG	Patient perspectives on symptoms of importance and preferences for follow-up after major upper gastro-intestinal cancer surgery	Philip Pucher
85	P-OGC22	Malignant OG	Incidence and relevance of clinically indeterminate non-regional lymph nodes in the treatment of oesophageal cancer	Philip Pucher
87	P-OGC23	Malignant OG	Significance of neoadjuvant downstaging in gastric adenocarcinoma	Pooja Prasad
88	P-OGC24	Malignant OG	Comparison of the histopathological regression after neoadjuvant FLOT versus ECX in resectable gastroesophageal adenocarcinoma	Pooja Prasad
89	P-OGC25	Malignant OG	Prognostic significance of extracapsular lymph node involvement after gastrectomy for gastric adenocarcinoma	Pooja Prasad
90	P-OGC26	Malignant OG	Learning curves in minimally invasive esophagectomy- a systematic review and evaluation of benchmarking parameters	Pooja Prasad
97	P-OGC27	Malignant OG	Chyle Leak following Oesophagectomy: 'A Retrospective 10-year Single-Site Experience of a Tertiary Centre.'	Paul Koroma, Dr Madhu Chaudhury
102	P-OGC28	Malignant OG	Totally minimally invasive Oesophagectomies(Robotic & laparoscopic) are associated with an improved immediate post operative outcomes in comparison with open oesophagectomies;an upshot of	Sri vishnu Thulasiraman
115	P-OGC29	Malignant OG	Pathological response profiles of FLOT and ECX neoadjuvant chemotherapy in oesophageal adenocarcinoma.	William Knight
116	P-OGC30	Malignant OG	High volume oesophagogastric resection in a small private hospital during COVID 19, April 2020- April 2021.	William Knight
118	P-OGC31	Malignant OG	Robotic Upper GI Surgery: Is it Feasible, Safe and Can it Improve Patient Outcomes?	Madhu Chaudhury
121	P-OGC32	Malignant OG	Copper-dependent cell death is a cancer specific vulnerability in oesophageal adenocarcinoma and provides the opportunity for future biomarker-stratified clinical trials	J Robert O'Neill
123	P-OGC33	Malignant OG	Incidence, diagnosis and management of malabsorption following oesophagectomy: a systematic review	Rachel A Khaw
124	P-OGC34	Malignant OG	Pandemic paradigms: Early outcomes of radical chemoradiotherapy for patients with operable oesophageal and oesophago-gastric junctional adenocarcinoma	Sukitha Namal Rupasinghe
127	P-OGC35	Malignant OG	Does Adjuvant Chemotherapy Provide Additional Survival Benefit After Neoadjuvant Chemotherapy or Chemoradiotherapy and Esophagectomy for Esophageal Adenocarcinoma?	Sivesh Kamarajah
128	P-OGC36	Malignant OG	Staging Laparoscopy in Oesophago-gastric cancers; A highly selective approach and its impact on patient outcome during COVID 19	Paul Koroma
131	P-OGC37	Malignant OG	Lymphatic embolisation for chyloous abdomen following oesophagectomy	Mohamed Abdelrahman
134	P-OGC38	Malignant OG	The Impact of the COVID-19 Pandemic on Barrett's Oesophagus and Oesophago-gastric Cancer	Anita Lavery
143	P-OGC39	Malignant OG	The smell of oesophageal adenocarcinoma: opportunities for tests and treatments	Stefan Antonowicz
144	P-OGC40	Malignant OG	Enhanced recovery after oesophagectomy at Oxford University Hospitals: the benefit of having a discharge target.	Stefan Antonowicz
146	P-OGC41	Malignant OG	Survival after curative chemoradiotherapy or neoadjuvant therapy and surgery converges in higher-risk patients with oesophageal cancer	Mridul Rana, Akshata Sanga
147	P-OGC42	Malignant OG	Hiatus Hernia following Minimally Invasive Oesophagectomy - a Single Centre Experience	Mridul Rana, Akshata Sanga
148	P-OGC43	Malignant OG	Morbidity and unplanned hospital attendance among patients with oesophagogastric cancer treated with home enteral nutrition	Okiki Olusona
152	P-OGC44	Malignant OG	Multi-omic cohort study of Barrett's oesophagus reveals structural variation and retrotransposon activity to occur early in cancer evolution.	Annalise Katz-Summercorn

161	P-OGC45	Malignant OG	Could lymphatic, vascular or perineural invasion status improve clinical staging prior to oesophagectomy?	Jakub Chmelo
-----	---------	--------------	---	--------------

Submission Id	Programme No	Category	Title	Presenting
165	P-OGC46	Malignant OG	Physiotherapy Regimens in Esophagectomy and Gastrectomy: a Systematic Review and Meta-analysis	Karina Tukanova
167	P-OGC47	Malignant OG	Anastomotic stricture after Ivor Lewis Oesophagectomy - An evaluation of incidence, risk factors and treatment.	Joshua Brown
171	P-OGC48	Malignant OG	Definitive Chemoradiotherapy versus Neoadjuvant Chemoradiotherapy Followed by Radical Surgery for Locally Advanced Esophageal Squamous Cell Carcinoma: Systematic Review and Meta-analysis	Sivesh K Kamarajah
177	P-OGC49	Malignant OG	Reporting on Patient and Public Involvement in Oesophago-gastric Research Trials using the GRIPP 2 checklist	Aya Musbahi
178	P-OGC50	Malignant OG	An Objective Evaluation of Youtube Videos on Oesophageal Cancer using the PEMAT Score	Aya Musbahi
179	P-OGC51	Malignant OG	A Review of Post-Oesophagectomy Benign Anastomotic Strictures	Aya Musbahi
180	P-OGC52	Malignant OG	FLOT or CROSS for Neoadjuvant therapy for Esophageal Cancers: An International Cohort Study	Oesophagogastric Anastomosis Audit Collaborative
188	P-OGC53	Malignant OG	Dashboarding for real-time analysis of oesophagogastric outcomes data	Stefan Antonowicz
193	P-OGC54	Malignant OG	Economic cost utility analysis of stage directed oesophageal adenocarcinoma treatment	David Robinson
205	P-OGC55	Malignant OG	Current treatment modalities and median survival for patients with gastric and oesophagogastric cancers with isolated peritoneal metastasis	Adler Shing Chak Ma
207	P-OGC56	Malignant OG	Do patients presenting with obstructing oesophageal cancer have worse outcome?	Siobhan Chien
208	P-OGC57	Malignant OG	Predicting survival and response to therapy using diagnostic biopsies: A machine learning approach to facilitate treatment decisions for oesophageal adenocarcinoma	Saqib Rahman
209	P-OGC58	Malignant OG	Preoperative Enteral Feeding in Patients with Oesophagogastric Cancer	Cathy White
210	P-OGC59	Malignant OG	Pattern of recurrence following neoadjuvant treatment and two-stage oesophagectomy for oesophageal/junctional adenocarcinoma: 10-year results from a high-volume centre	Joshua Brown
